NO! LOVE

by Aleksey Dayen

Cover design by Mark Polyakov

“Aleksey Dayen creates poetry without pretense. Somehow, he has managed to plunge into a direct feed. What you hear is what it is: a little night music, a little dodging around Manhattan street corners, but no evasions, no apologies. Indoors, these are open-faced (as much as in your face) exposures. There's no second-guessing here—in a world that is (as most anybody might know) mostly guesswork.”

—John Dotson, author of *Rivulets of Light*
